

Nub's Nob #1 Michigan Ski Resort

FOR IMMEDIATE RELEASE

September 2005

Harbor Springs, MI –The 2005 Detroit News reader survey named Nub's Nob, in northern Lower Michigan, the top overall ski resort in the Michigan!

"Thank you Detroit News readers!" said Nub's Nob General Manager Jim Bartlett, "Everyone at Nub's Nob is thrilled to have been voted the title of Michigan's Best Ski Resort! This is a real testimonial from our loyal customers to the Nub's Nob crew. "

Nub's Nob has won lots of journalistic praise from customers. SKI Magazine readers chose the family friendly resort #1 in their Midwest resort rankings for 3 straight years. "Nub's Nob is still the only Midwestern area *ever* to garner North American Gold Medals from SKI Magazine, when it was voted into the Top Ten in all of the US and Canada for snow, grooming and value" Bartlett added.

"This is also the second time we were recognized as #1 by the readers of the Detroit News" Bartlett said. The huge ski and snowboard complex was also chosen first in 2003.

The string of first place awards and Gold Medals really reinforces Nub's Nob's single-minded attitude. "All we think about is snow, snow, snow. Running the best winter resort possible and making our customers #1 is our daily goal," Bartlett said, "We work year 'round with only one thought in mind, the best in snow, food and facilities for our skiing and snowboarding family, they're our #1."

For 2005-06 Nub's Nob continues to improve its snow, grooming, service and scenery. With 52 slopes spread over 248 acres, Nub's Nob is like having 3 areas in one. For generations of skiers and snowboarders, enjoy First Class and Friendly Skiing, Nub's Nob.
